

Home hospice support gets Lady Shephard launch

Published on **Friday 24 March 2006 09:34**

Baroness Gillian Shephard cuts the ribbon to officially open Swaffham and Litcham Home Hospice Support Group's new base at 17 Brocks Road on the EcoTech Business Park on Wednesday.

Holding the ribbon are hospice coordinator Debbie Harfield and chairman Simon Broke, who told guests at the opening that they were pleased with the new premises and thanked everyone involved in the move for their hard work.

Lady Shephard, of Swaffham, said she had followed the hospice's work and progress since it started.

It had outgrown its old offices in Ash Close and needed more space because its work had expanded, she said.
